Please see overleaf for a quick guide to declaring interests at GMCA meetings.

Quick Guide to Declaring Interests at GMCA Meetings

Please Note: should you have a personal interest that is prejudicial in an item on the agenda, you should leave the meeting for the duration of the discussion and the voting thereon.

This is a summary of the rules around declaring interests at meetings. It does not replace the Member's Code of Conduct, the full description can be found in the GMCA's constitution Part 7A.

Your personal interests must be registered on the GMCA's Annual Register within 28 days of your appointment onto a GMCA committee and any changes to these interests must notified within 28 days. Personal interests that should be on the register include:

1. Bodies to which you have been appointed by the GMCA
2. Your membership of bodies exercising functions of a public nature, including charities, societies, political parties or trade unions.

You are also legally bound to disclose the following information called Disclosable Personal Interests which includes:

1. You, and your partner's business interests (eg employment, trade, profession, contracts, or any company with which you are associated).
2. You and your partner's wider financial interests (eg trust funds, investments, and assets including land and property).
3. Any sponsorship you receive.

Failure to disclose this information is a criminal offence

Step One: Establish whether you have an interest in the business of the agenda

1. If the answer to that question is 'No' then that is the end of the matter.
2. If the answer is 'Yes' or Very Likely' then you must go on to consider if that personal interest can be construed as being a prejudicial interest.

Step Two: Determining if your interest is prejudicial

A personal interest becomes a prejudicial interest:

1. where the wellbeing, or financial position of you, your partner, members of your family, or people with whom you have a close association (people who are more than just an acquaintance) are likely to be affected by the business of the meeting more than it would affect most people in the area.
2. the interest is one which a member of the public with knowledge of the relevant facts would reasonably regard as so significant that it is likely to prejudice your judgement of the public interest.

For a non-prejudicial interest, you must:

1. Notify the governance officer for the meeting as soon as you realise you have an interest.
2. Inform the meeting that you have a personal interest and the nature of the interest.
3. Fill in the declarations of interest form.

To note:

9
You may remain in the room and speak and vote on the matter

If your interest relates to a body to which the GMCA has appointed you to, you only have to inform the meeting of that interest if you speak on the matter.

For prejudicial interests, you must:

1. Notify the governance officer for the meeting as soon as you realise you have a prejudicial interest (before or during the meeting).
2. Inform the meeting that you have a prejudicial interest and the nature of the interest.
3. Fill in the declarations of interest form.
4. Leave the meeting while that item of business is discussed.
5. Make sure the interest is recorded on your annual register of interests form if it relates to you or your partner's business or financial affairs. If it is not on the Register update it within 28 days of the interest becoming apparent.

You must not:

Participate in any discussion of the business at the meeting, or if you become aware of your disclosable pecuniary interest during the meeting participate further in any discussion of the business,
participate in any vote or further vote taken on the matter at the meeting.

RC/12/23 MINUTES OF THE MEETING HELD ON 24 MARCH 2023

RESOLVED/-

That the minutes of the meeting held on 24 March 2023 be approved as a correct record.

RC/13/23 ASSISTANT DEPUTY MAYOR FOR POLICE, CRIME & FIRE

Andy Burnham, Mayor of Greater Manchester, introduced a report seeking agreement to the extension of Baroness Beverley Hughes' appointment as Assistant Deputy Mayor for Police, Crime & Fire & on terms as outlined in paragraph 3.2 of the report.

The Committee was advised that there were still a number of major pieces of work to be completed which Baroness Beverley Hughes was overseeing, which required continuity.

Councillor Mark Roberts provided the Committee with the following statement on behalf of Stockport Council:

'This is in no way a reflection at all on the Assistant Deputy Mayor Bev Hughes to whom we have a very high regard here in Stockport, however, we are withholding our support for this specific proposal to extend the contract further.

Back in December, Councillor Mark Hunter was assured that the extension would be time limited to six months and yet here we are with another proposal to extend further.

Surely this important work reflected in the paper can be now carried out by our new Deputy Mayor Kate Green in whom we also have full confidence and therefore save additional cost.'

The Committee was advised that the detailed work requiring completion had been impacted by a number of factors beyond the GMCA's control which have resulted in delays to the completion of the work . The current position was not a reflection on the current Deputy Mayor, Police, Crime & Fire, Kate Green and was rather regarding the level of detail gone into over a long period of time by Baroness

Beverley Hughes which required continuity. It was suggested that the proposed timeline will enable the programme of work to be completed sufficiently.

The Committee was also assured that the Deputy Mayor Kate Green had been engaged and was supportive of the direction of travel.

RESOLVED/-

That the extension of Baroness Beverley Hughes' appointment as Assistant Deputy Mayor for Police, Crime and Fire on the terms outlined in paragraph 3.2, of the report be approved.

RC/14/23 GMCA Business Plan 2023-24

Andy Burnham, Mayor of Greater Manchester introduced a report providing members of the GMCA Resources Committee with the draft 2023-24 GMCA Business Plan for comment and approval.

RESOLVED/-

1. That the Annual GMCA Business Plan for 2023-24 be approved.
2. That the Business Plan be circulated to Leaders and Chief Executives.

RC/15/23 GMCA PLACE DIRECTORATE

Eamonn Boylan introduced a report seeking approval from the Committee to establish additional Delivery Manager roles as part of the Delivery Team within the GMCA Place Directorate.

2. That it be noted that the funding for the Delivery Manager roles has been made available from the Department of the Levelling Up, Housing and Communities (DLUHC) to support activity that aligns directly with the approach that has been adopted by the Delivery Team.

1. Introduction

- 1.1 The GMCA Digital Services team has two elements. There is a corporate ICT service that supports and secures GMCA operational activity such as GM Fire & Rescue Services (GMFRS) systems, mobilisation and the NW regional Fire Control Centre. This is overseen via internal corporate governance within GMFRS and GMCA.
- 1.2 In addition there is an externally facing GM Digital City-Region Portfolio which is overseen by a Portfolio Leader and Chief Executive in line with other GMCA Directorates. This scope of this latter activity was recently redefined by the GM Digital Blueprint 2023-26 which was approved by GMCA in March 2023 and defines five priorities as shown in Figure 1.

Our 2023-2026 digital priorities

Digitally enabling a greener, fairer, more prosperous city-region for everyone, by

Strategic enablers

- A** Building digital skills and literacy for life, education, work and business
- B** Strengthening our digital talent pipeline
- C** Extending our world class digital infrastructure, technology and data
- D** Harnessing academia, testbeds and research

Figure 1. GM Digital Blueprint priorities 2023-6.

- 1.3 Pan GM activities encompassed in Priority 2 (Building Responsible Data Driven Public Services) have expanded considerably since 2017 to encompass a broad range of services and localities. These involve agreeing, co-designing and implementing a range of systems and new ways of working with stakeholders at GM wide level. Current initiatives range from Early Years Digitisation (in support of School Readiness), A Bed Every Night, Supported Families analytics, Missing People, the Public Sector Decarbonisation Scheme monitoring, and Victim’s Services digitisation, plus services that were established to support the response to

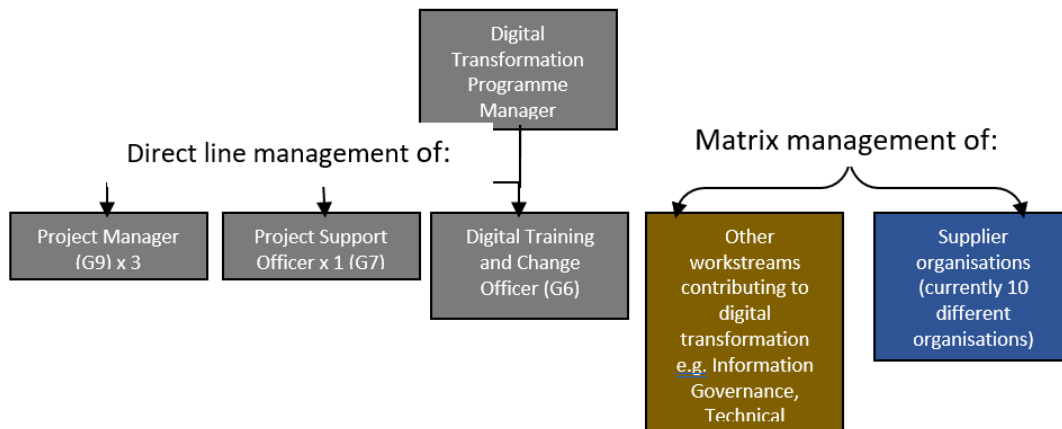

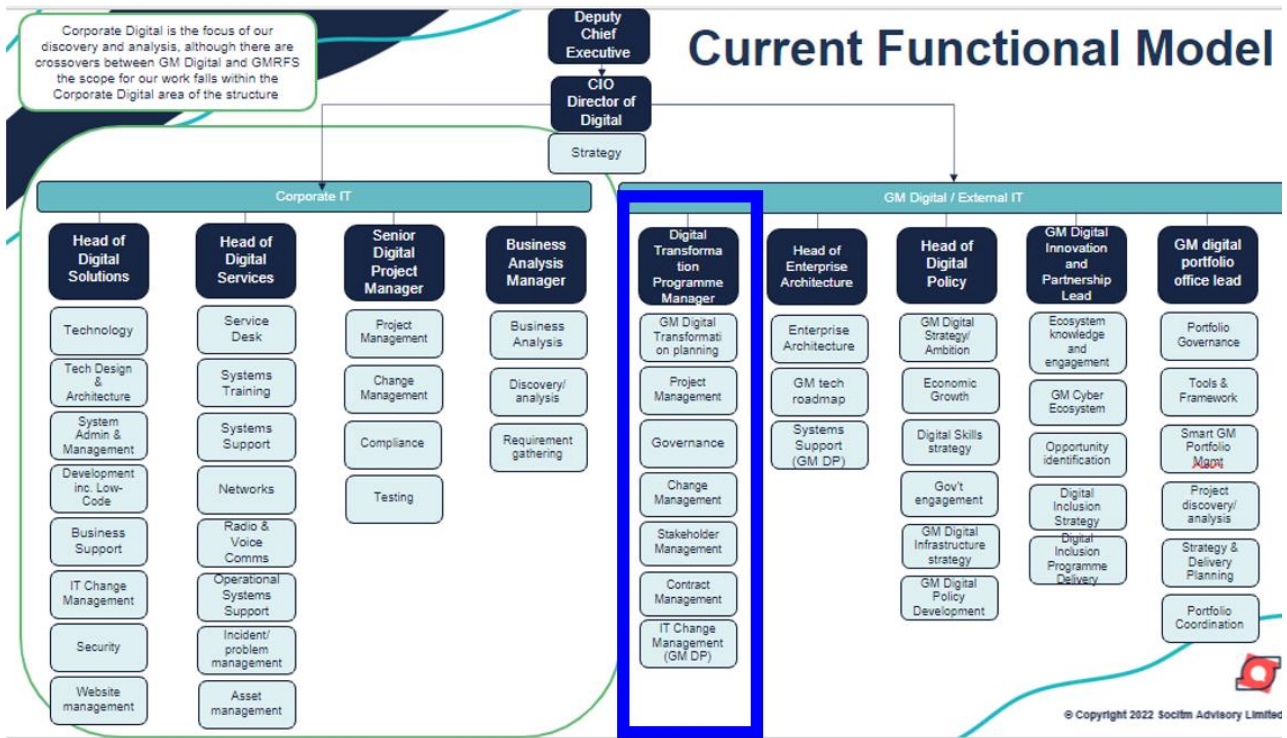

Covid such as the Sit-Rep reporting, and some health data management capabilities which the GMCA supports.

- 1.4 Greater Manchester has established a set of pan GM technology and data platforms that are going to become increasingly important for the city region given the covid induced acceleration of digitisation public services, the increasing need for further productivity gains in public services, concurrent efficiency pressures, and the emergence of technologies such as AI.

2. Proposed change to role

- 2.1 The Digital Transformation Programme Manager (Grade 11) role was established in 2017 to manage the Early Years Digitisation programme, however the role's responsibilities have grown, and a recent re-grading exercise has assessed the position to be at an SM6 level.
- 2.2 There are several reasons for this. The role holder now leads the advancement of digital transformation both within the organisation and regionally on behalf of the GMCA. The role holder is responsible for being a thought leader in digitally enabled service reform, ensuring that opportunities to improve the way digital transformation is applied across the GMCA and GM, are identified, explored and applied.
- 2.3 In addition, the role holder:
 - 2.3.1 Is responsible for creating a culture that values ideas and innovation, identifying opportunities to explore new ways of doing things and applying new and emerging practices in a safe and controlled way.
 - 2.3.2 Has lead responsibility for managing a cross-organisational and multi-disciplinary team to deliver complex digital transformation effectively. The role holder supports individuals and teams in being successful, team building, maximising contributions and potential and encourages team creativity and team identity.
 - 2.3.3 Has taken on additional responsibilities for procurement and contract management covering a range of suppliers which support the GM Digital Platform, including the approach to driving out cost reductions and optimising the architecture.
 - 2.3.4 Manages resources and budgets effectively and deploys and co-ordinates resources in a well-planned and controlled manner, ensuring that resource levels are identified and addressed, including staffing, financial, governance and external supplier arrangements.

- 2.3.5 Ensures that stakeholders are engaged, and that change is delivered effectively including by working with relevant people, policy and change teams within the GMCA, across GM and if appropriate, nationally. This includes interpreting and prioritizing stakeholders' vision into coherent delivery through appropriate governance processes.
- 2.4 Since December 2022 the role holder has absorbed additional procurement, supplier and contract management responsibilities as a result of the Head of Enterprise Architecture (SM6) leaving GMCA for Manchester City Council. This role has not been re-filled and their responsibilities have been split between this role and the GMCA's Technical Design Lead position.
- 2.5 It is proposed that the Head of Enterprise Architecture (SM6) role and Digital Transformation Programmes Manager (Grade 11) roles are both disestablished, and a Head of Digital Transformation role (SM6) role is established. The Digital Transformation Programmes Manager post holder is currently undertaking these additional responsibilities and it is recommended that they be assimilated into this role on a permanent basis, in line with their current permanent status, and that this is backdated until January 2023.
- 2.6 The role reports to the Director of Digital and it is proposed that it continues to do so. A revised Person Specification has been developed and regraded in line with these additional responsibilities – as shown in Annex A.
- 2.7 The current functional model showing the post and its position is shown below.
- 2.8 A review of the current GMCA's Technical Design Lead role will be undertaken later in 2023. The anticipated outcome being an update to the role profile acknowledging the additional responsibilities, and a change in title to Principal Enterprise Architect in line with CDDO Digital, Data and Technology standards.

3. Financial Implications

3.1 This role is currently funded through a combination of retained business rates and of use-case financial flows relating to specific projects and products. The re-allocation of the Head of Enterprise Architecture responsibilities (SM6) to this role and the Technical Design Lead role reduces the overall budget pressure on GM Digital Transformation activities.
