

GM LOCAL ENTERPRISE PARTNERSHIP BOARD

SUBJECT: Places for Everyone Publication Plan 2021: A Joint Development Plan Document for 9 Greater Manchester Local Authorities (Bolton, Bury, Manchester, Oldham, Rochdale, Salford, Tameside, Trafford and Wigan)

DATE: 22 SEPTEMBER 2021

FROM: Anne Morgan, Head of Planning Strategy, GMCA

PURPOSE OF REPORT:

To update the LEP members on the progress of Places for Everyone Publication Plan 2021: a Joint Development Plan Document for 9 Greater Manchester Local Authorities (PfE 2021).

RECOMMENDATIONS:

The GN LEP Board is requested to:

1. To note the report
2. To agree that the draft Duty to Co-operate/Statement of Common Ground (section 4) accurately represents the position of the Local Enterprise Partnership and to authorise the Chair to sign the Statement of Common Ground on behalf of the LEP.

Equalities Implications:

The Places for Everyone Publication Plan 2021 is a statutory plan which seeks to contribute to the achievement of sustainable development, delivering economic, social and environmental benefits together in a mutually reinforcing way. It is informed by an Integrated Appraisal which includes an Equalities assessment.

Climate Change Impact Assessment and Mitigation Measures:

The Places for Everyone Publication Plan 2021 will provide the strategic planning policy framework to support the nine districts to meet the Greater Manchester ambition to be carbon neutral by 2038. An Integrated Appraisal (comprising a Strategic Environmental Assessment, Sustainability Appraisal, Equalities Impact Assessment and Health Impact Assessment) has been undertaken for the plan and has been published alongside it.

Legal Considerations:

The legislative and constitutional requirements for the preparation of a joint Development Plan Document (DPD) in the Planning and Compulsory Purchase Act 2004 ("2004 Act") and the Town and Country Planning (Local Planning) (England) Regulations 2012 ("2012 Regulations") have been complied with.

The joint DPD will be submitted to the Secretary of State for independent examination (s20 of the 2004 Act) along with the documents prescribed by Regulation 22 of the 2012 Regulations. Prior to submission to the Secretary of State, the joint DPD must be published and representations invited, pursuant to Regulation 19 and Regulation 20 of the 2012 Regulations.

If the joint DPD is not prepared in accordance with the 2004 Act and the 2012 Regulations, any subsequent attempt to adopt the plan would be susceptible to challenge.

Financial Consequences – Revenue:

The preparation and examination of the Places for Everyone Publication Plan 2021 generates a revenue cost for 9 local authorities. A substantial evidence base has been assembled to support the plan which has involved commissioning of specialist and

independent experts. There are no current revenue implications. Following this consultation, the PfE plan will be submitted to the Secretary of State for examination. There will be further revenue costs associated with the examination process, including appointment of a Programme Officer(s) and the cost of the examination itself, including procurement of a venue, Planning Inspectors and legal advice. Further reports will be provided to the Joint Committee as appropriate.

Financial Consequences – Capital:

There are no capital consequences identified

BACKGROUND PAPERS:

- **Places for Everyone Joint Committee report 20 July 2021**

1. INTRODUCTION/BACKGROUND

- 1.1 The “Future of GM” paper in 2019 set out Greater Manchester’s bold plans for the future in the face of uncertainty. The Economic Vision developed by the Local Enterprise Partnership and endorsed by the Combined Authority confirmed that despite Covid 19 and the ongoing uncertainty about the UK’s future trading relationships, the bold and ambitious vision for the city-region remains unchanged. Within this context, the need for a bold spatial plan to provide certainty and guide development, investment and infrastructure has never been stronger.
- 1.2 Up until December 2020 a joint development plan document of the ten Greater Manchester local authorities was being prepared, Greater Manchester’s Plan for Jobs, Homes & the Environment (known as the “GMSF 2020) had reached the Regulation 19 (Publication) stage of the process, however, the decision at Stockport Council’s meeting on 3 December to withdraw from the plan signalled the end of the GMSF as a joint plan of the 10.
- 1.3 The nine remaining Greater Manchester (GM) districts (Bolton, Bury, Manchester, Oldham, Rochdale, Salford, Tameside, Trafford and Wigan) decided to continue with the preparation of a joint plan to be known as ‘Places for Everyone’ on the basis that

this could take advantage of the provisions set out in legislation which allowed the plan to proceed to Regulation 19 of the Town and Country Planning (Local Planning) (England) Regulations 2012 Publication stage rather than have to go back to an earlier (Regulation 18) informal stage of consultation.

- 1.4 The nine authorities established a Joint Committee and delegated their plan making powers to this Committee to prepare the Places for Everyone Plan up to Regulation 19 (publication stage). On the 20 July 2021 the Joint Committee recommended that the plan be approved by the 9 districts Executive/Cabinet's for consultation and all 9 districts completed this approval process by the end of July. As a result, the consultation period for the Places for Everyone Publication plan (Pfe2021) was launched on 9 August 2021 to run for 8 weeks, finishing on 3 October 2021.

2 PLACES FOR EVERYONE PUBLICATION PLAN 2021

- 2.1 The Pfe2021 provides an important opportunity to create the conditions for inclusive economic growth, provide opportunities for provision of much needed homes, protect, and enhance the natural environment. The Plan is not being prepared in isolation. It is supported by the Transport 2040 Delivery Plan, which will outline the interventions required to achieve the transport vision for the city region and is one of a suite of strategic documents setting out how Greater Manchester can achieve the ambition set out in the Greater Manchester Strategy. It sits alongside the Local Industrial Strategy, Housing Strategy, 5 Year Environment Plan, Digital and Cultural Strategies.
- 2.2 The Plan is available on the GMCA website [Places for Everyone](#)
- 2.3 The spatial strategy seeks to deliver sustainable, inclusive growth with the following spatial elements;
- Significant growth in jobs and housing at the core
 - Boosting the competitiveness of the northern districts
 - Sustaining the competitiveness of the southern districts
- 2.4 Economic prosperity is central to the overall strategy. It is essential to raising incomes, improving health and quality of life, and providing the finances to deliver better infrastructure, services and facilities.

- 2.5 Growing inequalities have a major impact on quality of life for Greater Manchester residents such as the ability to afford decent housing, good quality food and services. This Plan supports high levels of economic growth across Greater Manchester and seeks to put in place the measures that will enable such growth to continue in the even longer-term. However, delivering these high levels of growth means that Greater Manchester will need to continue to invest in the sites and critical infrastructure that will make it an even more attractive place for businesses to invest, bringing high-value, well paid jobs, to the city region; invest in skills and business development to support the foundational economy, and promote the continued progress towards a low-carbon economy.
- 2.6 The plan sets a target for the nine districts of at least 1,900,000 sq.m. of new office floorspace and at least 3,330,000 sq.m. of industrial and warehousing floorspace over the plan period.
- 2.7 Greater Manchester is facing a housing crisis and the impact of Covid 19, with potential increases in unemployment will exacerbate this. Although the Greater Manchester authorities have built more houses in recent years, wages have not been keeping pace with property price increases and affordability issues have intensified. The construction of new housing is also an important part of the economy, providing large numbers of jobs and often securing the redevelopment of derelict and underused sites.
- 2.8 To address the supply side Government has introduced a standard methodology for calculating local housing needs to provide local authorities with a clear and consistent understanding of the number of new homes needed in an area. Applying the current methodology means that around 10,300 (10,305) homes are required in per annum, equating to just under 165,000 (164,880) new homes over the plan period. The plan supports Greater Manchester's commitment to deliver more affordable housing - 50,000 units over the plan period, including 30,000 for social or affordable rent.
- 2.9 The Plan is not solely concerned with accommodating development. It also includes a range of policies designed to protect and enhance our many and varied green

spaces and features which are used in many different ways and afforded many different values by the people who live, work or visit the city-region.

2.10 The Plan supports the important role of our natural assets by:

- Taking a landscape scale approach to nature restoration ;
- Seeking to protect and enhance our network of green and blue infrastructure;
- Seeking a significant overall enhancement of biodiversity and geodiversity; and
- Seeking to maintain a new and defensible Green Belt which will endure beyond the plan period.

2.11 The plan supports wider strategies around clean air, walking and cycling and underpins Greater Manchester's ambition to be a carbon neutral city-region by 2038. A key element of this is to require all new development to be net zero carbon by 2028 and to keep fossil fuels in the ground.

2.12 There is a strong focus in the plan on directing new development towards sites within the existing urban area, which are often in sustainable locations, close to facilities and served by existing infrastructure. Maximising the use of land in the urban area reduces the need to release greenfield and Green Belt land for development.

2.13 The land supply identified for development in the plan is largely within the urban area:

- Offices - 99%
- Industry and Warehousing- 47%
- Housing - 90%

2.14 There are significant viability issues in parts of the conurbation and there is a need to continue to press Government for support to remediate contaminated land, to provide funding for infrastructure and to support alternative models of housing delivery. The recently announced Brownfield Housing Fund is targeted at Combined Authorities and begins to help to address viability issues, but it is not enough to enable the full potential of our brownfield land supply to be realised.

2.15 The Plan proposes a limited release of a Green Belt for both housing and employment. The net loss of Green Belt proposed is 1,754 hectares. This represents

a significant reduction (60%) from the 4,371 hectares which were proposed for release by the nine PfE districts in the 2016 GMSF.

3. THE CONSULTATION

- 3.1 The 'Publication stage' is a formal consultation on the draft joint DPD pursuant to Reg. 19 of the Local Planning Regulations. It is a statutory stage that provides an opportunity for organisations and individuals to submit their final views on the content of the plan. Following consultation on the Publication Plan, the draft joint DPD and the representations made in the Publication stage are sent to the Secretary of State – this is called the 'Submission stage', pursuant to Reg. 22 of the Local Planning Regulations.
- 3.2 The Planning and Compulsory Purchase Act 2004 (as amended) (PCPA) states that the purpose of the examination is to consider whether the plan complies with legal requirements, the duty to co-operate and is "sound"
- 3.3 The 'Duty to Co-operate' became a legal requirement under the provisions of the Localism Act, which came into force in November 2011. It states that local planning authorities and are under a duty to cooperate with each other, and with other prescribed bodies, on strategic matters that cross administrative boundaries. Duty to Co-operate bodies are made up of neighbouring authorities and public bodies. The nine members of the Joint Committee must have regard to the activities of the GM Local Enterprise Partnership (LEP) but the LEP is not subject to the requirements of duty to co-operate. The LEP has been engaged at each stage of the GMSF process and has not raised any concerns with the proposed approach or policy framework.
- 3.4 A Duty to Co-operate Statement and Draft Statement of Common Ground has been prepared. This is available on the website ([Duty to Co-operate Statement](#)). This identifies the collaborative activity to date. The GM LEP has been engaged with the preparation of the GMSF and PfE through the GMCA Governance structure. The GM LEP works in partnership with the GMCA to deliver joint strategic priorities in the Greater Manchester Strategy. Since 2015 it has received reports on the GMSF relating to the current position and any consultations.

3.4 LEP members are requested to to authorise the Chair of the Local Enterprise Partnership to sign the Statement of Common Ground prior to Submission of PfE 2021 to the Secretary of state.

3.5 Soundness is explained in paragraph 35 of the National Planning Policy Framework (NPPF). The Inspector(s) has to be satisfied that the Plan is positively prepared, justified, effective and consistent with national policy.

4. THE EVIDENCE BASE

4.1 A comprehensive evidence base was assembled to support the policies and proposals in the GMSF 2020. This evidence base remains the fundamental basis for the PfE 2021 and has remained available on the GMCA's website since October 2020. This evidence base has been reviewed and updated in the light of the change to the PfE2021 and, where appropriate addendum reports have been produced. The evidence documents which have informed the plan are available on the website ([PfE evidence base](#)).

5. COMMUNICATIONS AND ENGAGEMENT PLAN

5.1 The consultation is being carried out in line with the requirements of the district Statements of Community Involvement. A detailed Comms, Engagement and Media plan has been prepared to support this plan. Comments can be made via the GMCA consultation portal ([GM Consult](#)), via email (placesforeveryone@greatermanchester-ca.gov.uk) or by letter, GMCA, Broadhurst House, 56 Oxford Street, Manchester M16EU.

6. NEXT STEPS

6.1 Following consultation on the Publication Plan, the draft joint DPD and the representations made in the Publication stage are sent to the Secretary of State – this is called the 'Submission stage'. Upon completion of the consultation on the Publication Plan in late 2021, a post-consultation report will be prepared and then the plan will be submitted to the Secretary of State for Examination in early 2022.

Submission requires approval of each of the nine Full Councils of the participating local authorities. If major new issues pertaining to compliance or soundness arise at the Publication Consultation stage there would need to be further consultation prior to any submission of the plan.

- 6.2 An Examination in Public takes place at which a Planning Inspector will consider the joint DPD and representations made in respect of it and determine whether the DPD is capable of being adopted, either with or without amendments.
- 6.3 Assuming that the document is capable of adoption, whether with or without amendments, the ultimate decision to adopt must be taken by each of the Full Councils of the 9 participating local authorities
- 6.4 On this basis the timetable for preparation of the PfE 2021 plan is:
- Publication Plan (Regulation 19) – period for representations August – October 2021
 - Submission (Regulation 22) – January 2022
 - Examination- 2022/23
 - Adoption - 2023

7. RECOMMENDATIONS

- 7.1 Recommendations are found at the front of the report
