|--|---|---|--|---|
|  | You asked us                                      | Key outcomes by the end of the plan   | Progress update for Panel report 4 <sup>th</sup> August 2022   | How is this being delivered   |
| 1.   | Investigate, arrest, and prosecute more criminals | <ul style="list-style-type: none"> <li>Investigate all crimes with reasonable lines of inquiry.</li> <li>Improve the quality of investigations and forensics.</li> <li>Improve relationships with the Crown Prosecution Service.</li> <li>Provide better support to witnesses.</li> </ul> | <p>Following HMICFRS review, 2021/22 saw a step-change in GMP's compliance with the National Crime Recording Standards. The most recent external independent assessment of crime recording accuracy undertaken by the HMICFRS estimated that the GMP compliance rate across all crime types (excluding fraud) stood at 90.6%. This is a significant improvement from the 77.7 % rate reported in the 2020 VSA assessment. Audits in May 2022 identified that for residential Burglary and Robbery, crime recording compliance was 93% and 97% respectively. Consequently, GMP is now delivering much improved crime recording processes and practices and are now recording 30,000 crimes per month on average, with the month of July 2022 seeing a total of 32,638 crimes recorded. This totals over 55,000 additional crimes in the last 12 months. Reflecting the confidence and trust victims now have in GMP to come forward and report crime.</p> <p>In terms of investigation of all crimes, the crime management policy was revised in Sep 2021 and now states: All recorded crimes will be subject to an investigative assessment at the time of reporting, which will seek to identify safeguarding considerations for victims, lines of enquiry, immediate actions and public interest test considerations. Crimes taken by the Crime Recording and Resolution Unit (CRRU) with potential lines of enquiry are forwarded to the relevant Crime Progression Teams (CPT) for evaluation and allocation. CPT also review crimes recorded by a Police Officer and as for those crimes that are referred by the CRRU, an investigative assessment identifies if the crime should be finalised or allocated for further investigation.</p> | <p>Justice and Rehabilitation Executive</p> <p>Local Criminal Justice Board</p> <p>POAP structures</p> <p>GM End to End RASSO Review</p> <p>Op Soteria (Joint NPCC/CPS initiative starting in Autumn in GMP to improve RASSO investigation &amp; prosecution)</p> |

|  |              |                                     | <p>All crimes with a named suspect must now be allocated for further investigation.</p> <p>The above has resulted in GMP positively solving, within the last 12 months, 4,346 crimes more than in the previous period, up 22% by volume to 30,877 solved crimes.</p> <p>To improve the quality of investigations GMP now has identified leads for crime – with a dedicated Head of Crime, and a Detective Superintendent on each District as thematic owner. The recently appointed Assistant Chief Constable for Crime, ACC Jackson has implemented a new Crime and Vulnerability Board governance meeting to improve accountability, performance and deliver improved outcomes for victims and communities of Greater Manchester. Improvements in processes and management data now allow for team and individual scrutiny such as the introduction of granular level Team Accountability Packs. Crime performance features as part of the District and Branches Quarterly Performance Review meetings - looking at thematic topics including Neighbourhood Crime, Vulnerability and Professionalising Investigation Programme performance measures to drive investigative improvement at all levels - including serious and complex crime.</p> <p>A Detective Superintendent and Detective Chief Inspector have been appointed to manage Crime and Investigation Standards and Investigative Resilience. Under the Crime and Investigation Standards review, investigation improvement plan has been reviewed. The Crime management and allocation policy is being</p> |                             |

|  |              |                                     | <p>updated and a tri-weekly Crime management meeting has been implemented to provide improved Crime governance.</p> <p>Under the Investigative Resilience strand funding has been secured to provide improved training with online access to resources to support the continued development of staff and improve their legal knowledge. Resources such as a new Crime E-book is now available to staff via personal issue mobile devices to provide at the scene advice and guidance. Whilst to support resilience, agency staff, many of whom are ex Detectives are being recruited into Detective Teams to bridge the vacancy gap and support the development of trainee detectives.</p> <p>The development of Neighbourhood Crime Teams is ongoing, focusing on the investigation of serious acquisitive crime and forensics. GMP has recently invested in the introduction of Desk Based Investigators and the ongoing Crime Futures project, in conjunction with Response and Neighbourhood policing reviews, will streamline and improve our investigative response going forward. The Crime Futures project is focusing on the development of a new policing model, which will deliver improvements to crime management and allocation ensuring that all crimes are investigated and that all reasonable lines of enquiry are pursued, and crimes are allocated to the most appropriate resource.</p> <p>Forensic data now features as a standing item at Force level meetings including VCPF, Crime &amp; Vulnerability Board and Quarterly Performance Reviews (QPRs) to provide firm governance, Districts now have regular Digital FIG meetings and</p> |                             |

|  |              |                                     | <p>Forensic Services are in the process of moving to new bespoke premises more suited to their service provision. There has been a focus on improving attendance at incidents such as burglary, in order to drive performance and achieve successful outcomes for victims. The latest year saw demand exceed over 30,000 crimes and incidents.</p> <p>GMP is fundamentally committed to supporting and continuing to improve service standards to both victims and witnesses of crime across Greater Manchester. Extensive training has been delivered to all front-line officers on “Think Victim” and is driving compliance with the Victims Code in all we do – The Code of Practice for Victims of Crime. Delivering improved VCOP compliance and supporting victims and witnesses and improving the standards of service they receive end to end through the criminal justice system. By prioritising victim and witness focus on all interactions our Officers and staff and regular monitoring victim/witness and public feedback, GMP seeks to be a learning organisation and respond to feedback and deliver continuous service improvement. Governance structures at both Force and District level exist to address this and to ensure our demand in the CJU and wider work is effectively managed and prioritised to support our victims to ensure a timelier outcome.</p> <p>Each CJU cluster provides ad hoc training for police officers and police staff with case file preparation. GMP is working with PEQF training team on all aspects of file build for new student officers and training investigators on all aspect of file quality including the recent changes to disclosure at numerous courses including</p> |                             |

|  |              |                                     | <p>newly promoted sergeant and inspectors, probationary officers and CID.</p> <p>Focusing on improving file quality and speed of submission to CPS/the Courts is a key focus - the new Investigation Management Document (IMD) seeks to address this. This document is one which an Officer in the Case (OIC) completes to identify weakness/strength of a case and show how they have either pursued or dismissed each with a rationale. This was introduced with the new Attorney Generals guidelines on disclosure and has been in use since then.</p> <p><b>Local Criminal Justice Board (LCJB)</b><br/>Following the issuing of the CPS, NPCC and College of Policing joint national case progression commitment, - JOIMs will now be the primary local operational improvement meetings for forces and the CPS. GM has implemented a new structure through the LCJB to enable this. Quarterly and Monthly JOIMs have been created and the sub-groups under the LCJB have been reviewed and expanded.</p> <p>There is a new Domestic Abuse Delivery Board, and there has been a re-launch of the Rape Service Delivery Board, where performance improvements are now being seen. The JOIMs have now been implemented and District level Detective Superintendents, DCI's and CPS lawyers are fully engaged. Better frontline communication is being seen following introductory face to face meetings and a joint 'Knowledge' event.</p> |                             |

|  | You asked us                          | Key outcomes by the end of the plan  | Progress update for Panel report 4 <sup>th</sup> August 2022   | How is this being delivered  |
|  |                                       |  |  | and young people at risk of or experiencing exploitation by organised crime.   |
| 3.   | Reduce high harm and repeat offending | <ul style="list-style-type: none"> <li>• Get the right balance of fairness in terms of enforcement, protection of the public, and rehabilitation of offenders.</li> <li>• Increase the use of electronic monitoring orders.</li> <li>• Increase the use of stalking and harassment prevention orders.</li> <li>• Understand and address what motivates people to repeatedly offend.</li> </ul> | <p>GMP has invested in a new programme of ‘Out Of Court Disposals’ (OOC) with 16 Dedicated OOC Officers allocated across all divisions. The aim is to develop rehabilitative, reparative, or punitive conditions for Community Resolutions and Conditional Cautions. GMP will work with partners to develop pathways for offenders addressing reasons why they offend and build a toolkit, training package and simplify processes for frontline officers who will set individual conditions.</p> <p>GMCA and GM Probation have jointly funded 3 new Reducing Reoffending Posts for 2 years fixed term, focussing on Child Centred Policing, the reinvigoration of local Reducing Reoffending Boards in each area and the integration of rehabilitative services.</p> <p>Greater Manchester Probation Service (GMPS) and GMCA have devolved co-commissioning arrangements that supports the needs of people on probation and in prison, with a primary aim to ensure they remain law abiding citizens following release. Overall re-offending rates remain low in GM (accepting recent figures will still be affected by the pandemic). However, at 13% GM still has the lowest adult female re-offending rate of all large Metropolitan areas. Many of our approaches to the design of rehabilitative services are based on the lessons learnt from the ground-breaking GM Whole-</p> | <p>The Justice and Rehabilitation Executive serves as the GM reform board for strategic criminal justice issues through 4 pillars:</p> <ul style="list-style-type: none"> <li>• Youth Justice Transformation</li> <li>• Local Criminal Justice Board</li> <li>• Offender Management Partnership Board.</li> <li>• Improving the Victim Journey</li> </ul> <p>The GM Offender Management Partnership Board is co-chaired by the Regional Probation Director and GMP Chief Superintendent for CJS. This board brings together a body of work which considers the total landscape for Adult</p> |

|  |              |                                     | <p>This can be complete abstinence or monitoring levels of alcohol use.</p> <p>GMP is committed to protecting victims of Stalking and Harassment across our Communities of Greater Manchester and is a key safeguarding pillar of our comprehensive VAWG strategy. In January 2021, GMP launched the first strand of tackling vulnerability, with the launch of Think Victim training. This was to ensure that every victim of crime receives the service they are entitled to and will improve public confidence in GMP as a result.</p> <p>Think Victim Training was delivered as a mandatory training session to all frontline responders, and by December 2021 had been delivered to nearly 4000 frontline staff and included specific sections on Stalking and Harassment and also guidance on Stalking Protection Orders. This was followed up by Think Victim 2, which was a 1-day course approved by the College of Policing on Risk and Vulnerability and again included advice on stalking and harassment.</p> <p>There is guidance on obtaining Stalking Protection Orders available online for officers, and Legal Services continue to support officers through the application process and application for these orders. GMP have continued to improve the awareness of stalking offences, and this is reflected in the increase of crimes and application for SPO. Where other orders such as Non-Molestation, Restraining Order, or bail conditions are appropriate, these continue to be used to offer protective measures to victims of stalking</p> | <p>HMPPS Reducing Reoffending Plan</p> <p>GMPS Homelessness Prevention Team</p> <p>GMIRS Steering Group</p> <p>GM Offender Management Partnership Board</p> <p>HMPPS Reducing Reoffending Plan</p> |

| Standing Together 2022-25:<br>Priority Two Progress report – Reducing Harm and Offending |              |                                     |   |                             |

|  | You asked us | Key outcomes by the end of the plan | Progress update for Panel report 4 <sup>th</sup> August 2022  | How is this being delivered |
|  |              |                                     | <p>GMP, has made 28 applications in the latest 6 month, Feb-July 2022, up from 24 for the same period last year. This area of protection remains a key focus for protecting predominately women and girls but also all members of the Communities of Greater Manchester.</p> <p>As one of the measures to address the Government’s ambition to reduce neighbourhood crime, ministers have requested a substantial programme of tagging people convicted of acquisitive crime. Electronic monitoring will be a compulsory licence condition for qualifying adults serving standard determinate sentences of 12 months and over for specified offences of burglary, robbery and theft, and who upon release, will reside in specified police force areas. Qualifying adults will wear a location monitoring (GPS) tag which continuously collects data on their whereabouts. Curfew and/or exclusion zones will not be imposed unless specified as an additional licence condition. This will sit as a tactic of IOM and GMPS will act as the responsible authority. This has been trialled by a number of pathfinder forces and the introduction date for GM is likely to be the end of 2023.</p> <p>New electronic monitoring approaches for those on the integrated offender management cohorts are being implemented, and we are embarking on a programme that will see the increase of probation and partnership appointments for this cohort from one to three appointments per week. To support this target – GMP and GMPS have secured funding for ‘Op Vigilance’, a 6-month joint initiative starting in September</p> |                             |

| Standing Together 2022-25:<br>Priority Two Progress report – Reducing Harm and Offending |              |                                     |  |                             |

|  |              |                                     | <p>2022 which will see Police and Probation offender managers conducting out of hours visits and drug testing. A further 6 months funding has been ringfenced once evaluation has taken place.</p> <p>Greater Manchester Integrated Rehabilitative Services is GM's unique devolved approach to the commissioning of Rehabilitative Services. This is a comprehensive multi-million-pound 5-year programme which focuses on:</p> <ul style="list-style-type: none"> <li>• Education Training and Employment</li> <li>• Accommodation Support</li> <li>• Dependency and Recovery</li> <li>• Peer Support</li> <li>• Finance, Benefits and Debts</li> <li>• A Whole-System Approach to Women</li> <li>• Welfare Hubs in each Local Authority</li> </ul> <p>For example - Ingeus, which provides the GM Integrated Rehabilitation Services Accommodation Support, has progressed over 500 referrals since November 2021. Similarly, the GM Community Accommodation Service 3 (CAS-3) is for people leaving custody who are 'actually homeless' but not under an interim duty of accommodation with their Local Authority ('priority need'). GM CAS-3 offers temporary accommodation for up to 12 weeks and support to maintain the accommodation and seek a longer-term housing solution. This accommodation and support are commissioned by Local Authorities, with regional service co-ordination managed by the GM Homelessness Prevention Team (GMPS). The benefits of this approach have been demonstrated in the pilot year and will continue to be built upon, with:</p> |                             |

|  |   |   | <p>A report has been produced which will be monitored at the GM Offender Management Partnership Board.</p> <p>The Greater Manchester Restorative Justice Service continues to deliver across GM. Delivering 1,400 interventions through the contract term. In the last 12 months 350 interventions have been completed. The service is currently under review to establish areas for development, in anticipation a re-commissioning from April 23.</p> <p>Victim satisfaction continues to be above 95%. The service will be linked to the new multi-crime service to ensure even greater access for victims.</p>                               |  |
| 5.   | Tackle drugs, alcohol and gambling addiction and reduce deaths from their use | <ul style="list-style-type: none"> <li>Identify people who offend because of drugs, alcohol and gambling addictions and link them into treatment with police, prison, and probation services.</li> <li>Increase the number of community sentence treatment</li> </ul> | <p>In line with national requirements, we will conduct a GM joint needs assessment, (reviewing local data and evidence) and agree a GM strategic delivery plan by Dec 2022.</p> <p>In addition to community sentence requirements for those with drug and alcohol difficulties, we are now seeing increases in the number of Mental Health Treatment Requirement (MHTR) sentences in Bolton and Wigan. MHTRs will next expand into Manchester and Salford as part of a phased GM rollout.</p> <p>The GMP Healthcare and Custody Contract is scheduled to commence in November 2022, and we will report further once the contract is awarded.</p> | <p>The GM Drug and Alcohol Transformation Board will oversee this work.</p> <p>Greater Manchester Mental Health Trust (GMMH) are delivering the expansion of MHTRs.</p> <p>GMP are responsible for the procurement and award of this contract.</p> <p>GMCA are coordinating this work in partnership with prison and community</p> |
