Greater Manchester Transport Committee – Work Programme

March 2023

The table below suggests the Committee's work programme for March 2023-March 2024. Members are invited to further develop, review and agree topics which they would like to consider. The work programme will be reviewed and updated regularly to ensure that the Committee's work remains current.

The key functions of the Committee are -

- Accountability: active and regular monitoring of the performance of the
 transport network, including the Key Route Network, the operation of the GM
 Road Activities Permit Scheme, road safety activities, etc as well as all public
 transport modes. This role will include holding service operators, TfGM,
 highway authorities and transport infrastructure providers to public account,
 and to recommend appropriate action as appropriate;
- Implementation: oversee the delivery of agreed Local Transport Plan
 commitments. This includes the active oversight of the transport capital
 programme, and decisions over supported bus services network to be made
 within the context of policy and budgets set by the Mayor and the GMCA as
 appropriate; and
- Policy Development: undertake policy development on specific issues, as may be directed by the Mayor and / or the GMCA.

March 2023
