Reason for exemption from call-in. Explain how any delay will seriously prejudice the legal or financial position of the GMCA	A delay to agreement of the MCF prioritisation outcomes will impact progression and delivery of Phase 1 of the programme, resulting in delays and increased financial pressure across GM. Any delay to approval of the 2020/21 programme management budget will impact TfGM's ability to ensure that MCF governance is in line with the CA's single pot assurance framework. A delay to the development of inclusive design solutions would potentially have a negative equality impact on the MCF programme, resulting in challenge.
