

Terms of Reference of the GM Transport Committee

1. Overview

The Transport Committee, as a joint committee of the ten Greater Manchester district councils ('the Constituent Councils'), the GMCA and the Mayor, brings together the principal local transport decision-making bodies.

The primary role of the Transport Committee is not to replicate strategic decision-making functions, but to ensure that through its work, those bodies are able to make informed and co-ordinated decisions by being fully informed about the operation and performance of the transport system, its individual modes and the infrastructure it relies on, including the Key Route Network.

It also has an important role in helping shape the development of transport strategy and policies, and in advising the GMCA and the Mayor on specific transport issues, as directed by them. In relation to bus services, the Transport Committee will undertake the function of making decisions in relation to the supported bus network, which has been delegated by the Mayor.

In summary the three key areas of work for the Transport Committee will be to ensure:

- **Accountability:** active and regular monitoring of the performance of the transport network, including the Key Route Network, the operation of the GM Road Activities Permit Scheme, road safety activities, etc as well as all public transport modes. This role will include holding service operators, TfGM, highway authorities and transport infrastructure providers to public account, and to recommend appropriate action as appropriate;
- **Implementation:** oversee the delivery of agreed Local Transport Plan commitments. This includes the active oversight of the transport capital

programme, and decisions over supported bus services network to be made within the context of policy and budgets set by the Mayor and the GMCA as appropriate; and

- **Policy Development:** undertake policy development on specific issues, as may be directed by the Mayor and / or the GMCA.
