

Greater Manchester Integrated Care Partnership Board

Date: 30th June 2023

Subject: Greater Manchester Joint Forward Plan

Report of: Warren Heppolette – Chief Officer – Strategy and Innovation

SUMMARY OF REPORT:

- The Joint Forward Plan is the delivery Plan for the Integrated Care Partnership Strategy. The Strategy was approved by the ICP Board in March.
- The Joint Forward Plan comes under the auspices of the Integrated Care Board – and was presented to the ICB at its meeting on 21st March 2023.
- The Plan was reviewed by key stakeholders across the GM system in June with comments being gathered throughout the month.
- The ICB was asked to give delegated authority to the Chair and Chief Executive of the ICB to make any changes to the draft prior to its submission to NHS England by 30th June.
- The 30th June date should not be the conclusion to our delivery planning but an important milestone in this process. Rapid work needs to be taken forward over the next two months - with a focus delivering the recommendations from the recent GM governance and leadership review. This includes:
 - The detailed sequencing and phasing of activity over years 1, 2 and 3
 - Understanding impact and prioritising and positioning key system choices
 - Shaping and refining the metrics and our approach to measurement
 - Selecting and confirming 'distance to be travelled' on each of the metrics.
 - The financial impact the plan will have as part of a medium-term financial strategy

RECOMMENDATIONS:

The Greater Integrated Care Partnership Board is asked to:

- Note the draft Joint Forward Plan and provide any comments
