

NHS Greater Manchester Integrated Care Partnership Board

Date: 27th September 2024

Subject: Prevention, Health and Good Growth

Report of: Warren Heppolette – Chief Officer – Strategy and Innovation, NHS
Greater Manchester

PURPOSE OF REPORT:

As an Integrated Care Partnership, working within a Mayoral Combined Authority, Greater Manchester is well-placed to boost economic growth and improve health through a focus on people, prevention and place, particularly in the context of further devolution.

The enclosed document sets out the priority areas on prevention, health and good growth. These were supported at the July Reform Board. The four areas are:

- Prevention First
- Skills, Work and Health
- Advancing Health Innovation
- Capital Investment and Regeneration

At today's Partnership Board we will focus on three key examples of our work as part of these proposals:

- Live Well
- GM Moving
- Health Innovation Manchester's Strategy

RECOMMENDATIONS:

The NHS GM Integrated Care Partnership Board are requested to:

- Note the update provided
